SUPPLEMENT TO REPORT NO. 25X1X

1. The Rumanian Dobrudja Motorized Division arrived at the Yugoslav border between 10 and 28 February 1950 and was deployed in the area between Gier and Esmania (sic). Certain units of 3 Rumanian Infantry Division are stationed in the area between Gier and Otelec. Reportedly, 2 Rumanian Panzer Division will also be stationed along the Yugoslav border.
2. Various military specialists and other men are now being individually called into the army in the Timisoara and Cluj area. In spite of the fact that the men are called up individually, the population considers this to be a general mobilization. The men called to maneuvers are told by the authorities in charge that the purpose of this is that they may get acquainted with the new armament and methods of training presently introduced in the Rumanian Army.
3. Since the weather has improved, maneuvers have been observed daily in the Timisoara area, and in general along the Yugoslav border. Intensive maneuvers of ground troops in conjunction with parachute units have also been noticed in the Timisoara area. These maneuvers aim at making the paratroops skillful in quickly taking over bunkers and other fortified points.
4. Foodstuffs and other items necessary to the army are being requisitioned in all border areas of Rumania.
